

ESM Supplier Profile: Remove a Commodity from Your Company Profile

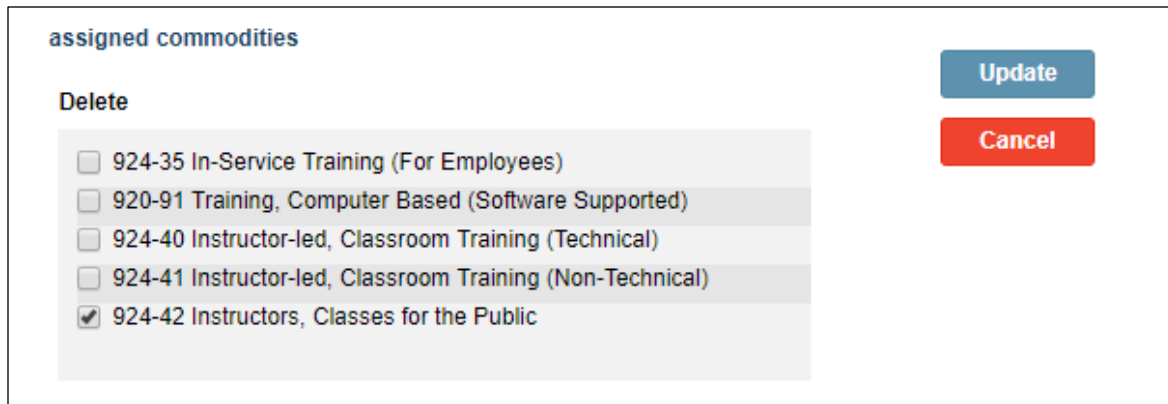

- Go to <https://eprocurement.esmsolutions.com/>.
- Log in using your email address and ESM password.
- Click on the “Profile” button in the upper left corner of the screen.

- Select “Commodities” from the “Select Function” drop down menu.

- Locate the “assigned commodities” section on the right hand side of the screen.
- Check the commodities you wish to remove.

- Click “Update.”
