

Type “sustainable” in the search box and click the search icon.

In the “Learn about greener product alternatives” section at the top of the page, click on one of the greener alternative search criteria.

Learn about greener product alternatives

Our greener product alternatives are designed to help advance your lab’s sustainability efforts, as well as improve lab safety and reduce costs. Find greener product alternatives in more than 45 product categories that minimize hazardous chemicals and waste, reduce material consumption, and increase energy efficiency.

- Less hazardous
- Energy efficient**
- Sustainable disposal
- Less waste, use of fewer resources
- Sustainable packaging

Note the Green Leaf icon next to each of the greener alternative products.

In the left panel, use the remaining filters to navigate to the appropriate product category.
